

Better Commutes Vanpooling Solutions

Make getting to work a perk by tapping into employee vanpooling services

Amid the many factors impacting organizational success is one pivotal cornerstone—your employees. Recruiting and retaining employees can be a challenge, and work satisfaction today plays a big role. That includes the commute, which for many onsite employees has become longer and more costly.

Bring your workforce a smarter way to commute with vanpooling. Vanpools let employees (typically 4-15) who live near each other and have longer commutes (about 20+ miles) share the ride to work and the costs. It's a win-win that makes employee commutes better, serves as a retention and recruitment tool, and helps achieve other business goals.

Connect your employees with vanpooling services from Get There Oregon, local partners, and Commute with Enterprise—here's how!

COMMON QUESTIONS

Are there vehicle rental options?

Commute with Enterprise rents a wide selection of recent-model SUVs, crossovers, and vans that are low mileage and have optional amenities like WIFI.

How is vehicle leasing set up?

Vehicles from Commute with Enterprise are rented on a month-to-month basis.

Who drives?

Driving duties can be shared between vanpool partners. Drivers need to be 25 years of age or older and be licensed for a minimum of 5 years.

How much does vanpooling cost?

Monthly vanpooling costs depend on the vehicle type, amenities, and commute distance. Everyone in the vanpool splits rental and fuel costs.

How is vehicle maintenance handled?

Comprehensive maintenance and repairs are covered by Commute with Enterprise.

What happens if riders drop out?

If someone drops out of a vanpool and a replacement can't be found, then switching to a smaller vehicle can be explored.
